MICHAEL DIXON MCKEE AND
WILLIAM MICHAEL MCKEE...ANOMALIES

By

© 2015

Every once in awhile I run across these family history research anomalies and by checking my fellow researcher's family trees I can see many of you are struggling with these two families. I am speaking of the Michael Dixon McKee and wife; Eliza E. (**McKEAN**) and William Michael McKee and wife; Catherine (**McKEAN**) families. Both of these men were born almost the same years; both were married within a year, both lived in the same area of Jefferson County, Missouri. And it looks like they could have been brothers and married sisters.

However, make no mistake, they are two distinct individuals with two separate households and lived two separate lives. I am not doing you a favor by helping to clarify this convoluted record mess because...if you decide to fix your family tree you are in for a long hard effort.

Michael Dixon McKee and William Michael McKee...Anomalies

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

Every once in awhile I run across these family history research anomalies and by checking my fellow researcher's family trees I can see many of you are struggling with these two families.

I am speaking of the Michael Dixon McKee and wife; Eliza E. (**McKEAN**) and William Michael McKee and wife; Catherine (**McKEAN**) families.

Both of these men were born almost the same years; both were married within a year, both lived in the same area of Jefferson County, Missouri. And it looks like they could have been brothers and married sisters.

However, make no mistake, they are two distinct individuals with two separate households and lived two separate lives.

I am not doing you a favor by helping to clarify this convoluted record mess because...if you decide to fix your family tree you are in for a long hard effort.

LET'S COMPARE BOTH MEN...

William Michael McKee

The first place we can identify William is in the 1849 marriage record where he marries Catherine (**McKEAN**) on the 21st of September 1849 in Jefferson County, Missouri. This is followed by the 1850 census of District 42, Jefferson County, Missouri where he is listed as Michael McKee.

Michael Dixon McKee

We also find Michael Dixon getting married on the 3rd of February 1850 to Eliza E. (**McKEAN**) also in Jefferson County, Missouri. At first glance you could say he married twice but this is what got you into this mess in the first place. He is followed by the 1850 census of District 42, Jefferson County, Missouri where he is listed as Michael D. McKee followed by his wife Eliza E. probably her sister Nancy J. (**McKEAN**) and Martha A. (**McKEAN**) age 5.

LET'S TALK ABOUT THEIR WIVES...

Catherine (**McKEAN**) was born on 1 January 1831 and is living with her parents who happen to also be Eliza E. (**McKEAN**)'s parents; i.e., James Bell and Elizabeth (**STRUTHERS**) McKean of the 1830, 1840, 1850, 1860 and 1870 census of the Big River Township of Jefferson County, Missouri.

Elizabeth "Eliza" E. (**McKEAN**) was born circa 1832 hence making Catherine the older sister and the most likely to get married first...which she did.

In the 1840 census James is showing 3 daughters born between 1826-1839 this would include another daughter named Nancy. In the 1850 census even though several of the girls are married, James and his new wife; Sarah (**BAKER**) have listed ALL the children including Catherine age 18 and Elizabeth age 20. I believe they got the ages backwards.

Michael Dixon McKee and William Michael McKee...Anomalies

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

Concerning their mother Elizabeth (**STRUTHERS**) McKean, she may have died after the birth of Stephen in 1835.

According to a deed record posted on ancestry.com there is a statement alluding to her death before 1834, however, I question this since there is a female aged 30-39 in the 1840 census and James didn't marry Sarah (**BAKER**) in 1848.

On Catherine's death certificate the informant stated her parents were James S. McKean and Elizabeth Stuthers. This helped show me the way for my research and the rest is documented on ancestry.

Concerning Michael Dixon McKee and William Michael McKee I believe they were brothers and married sisters. Several on ancestry.com believe Michael Dixon McKee is the son of William Seth and Mary Freeman (**McKAY**) McKee. Without investigating this family I can neither deny nor verify this conclusion.

1860 CENSUS COMPARISONS...

In the 1850 census neither family had any children at that point. However, the 1860 census puts it all together.

Michael Dixon McKee is listed as M. D. age 34 with wife; Eliza E. age 28 with the following children, William E. age 7, Franklin age 5; Mary A. age 4, George age 3. They are living near Hillsboro Post Office, Central Township, Jefferson County, Missouri.

William Michael McKee is listed as Wm McKee age 31 with wife; Catherine age 29; with the following children, Martha E. age 7; James age 4; Harriet E. age 2. They are living near Grubville Post Office, Big River Township, Jefferson County, Missouri.

What we can draw for this census are the following facts.

- [1] M.D. stands for Michael Dixon.
- [2] M.D. is married to Eliza E. born 1832.
- [3] M.D. lived near Hillsboro.
- [4] M.D. had 4 children.
- [5] William was also named Michael as his marriage records and 1850 census validates.
- [6] William is married to Catherine born 1831.
- [7] William had 3 children.
- [8] William lived near Grubville.
- [9] Michael is living in Central Township; William is living in Big River Township

1870 CENSUS COMPARISONS...

If I continue to do the comparisons all it will do is make you mad, however, for those of you who need further convincing, I will continue to offer further proof. Some of you are going to think I must be a smart aleck however, after 40 years of Family History Research and with close to 50,000 names in my Pratt Progenitor Papers tree, I have honed my skills to zero in on problems when it comes to anomalies in family history research.

Michael Dixon McKee is listed as M. D. age 43 with wife; Eliza age 37 with the following children, William E. age 17; D. T. age 15; Mary age 14; Geo. W. age 13; Green age 7; Samuel age 6 months. They are living near Hillsboro Post Office, Central Township, Jefferson County, Missouri.

William Michael McKee is listed as Michael McKee age 41; Catherine age 39; Martha age 16; James age 14; Harriet age 12; Mary age 9; Susan age 5; Oscar and Austin age 1 month; Stephen age 2 They are living near Hillsboro Post Office, Big River Township, Jefferson County, Missouri.

What we can draw for this census are the following facts.

- [1] M.D. stands for Michael Dixon.
- [2] M.D. is married to Eliza born 1833.
- [3] M.D. lived near Hillsboro.
- [4] M.D. had 6 children.
- [5] William was also named Michael as his marriage records and 1850 census validates.
- [6] William is married to Catherine born 1831.
- [7] William had 8 children.
- [8] William lived near Hillsboro.
- [9] Michael Dixon is living in Central Township; William is living in Big River Township

1880 CENSUS COMPARISONS...

Michael Dixon McKee is listed as M.D. aged 52; Eliza E. age 48; with the following children, Dock F. age 24; George W. age 23; Seth G. age 16; Cora E. Power listed as a daughter age 7. They are living in Valle Township, Jefferson County, Missouri.

William Michael McKee is listed as Michl McKee age 51; Catherine age 49; Martha age 26; James age 24; Harriet age 22; Melinda age 18; Susan age 15; Stephen age 12; Austin age 10; Oscar age 8. They are living in Big River Township, Jefferson County, Missouri.

What we can draw for this census are the following facts.

- [1] M.D. stands for Michael Dixon.
- [2] M.D. is married to Eliza born 1832.
- [3] M.D. lived in Valle Township, Jefferson County.
- [4] M.D. had 4 children.
- [5] William was also named Michael as his marriage records and 1850 census validates.
- [6] William is married to Catherine born 1831.
- [7] William had 8 children.

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

[8] William lived Big River Township.

[9] Michael Dixon is living in Valle Township; William is living in Big River Township

If you continue tracking both of these families, you will discover nowhere in any documents is Catherine listed as Eliza, Elizabeth or what we can conclude to be a middle name. When she died her informant put an E. initial on her death certificate but I hold no credence to its validity.

It appears Michael Dixon McKee died on 8 June 1889 and is buried in the Harverstick Cemetery, Jefferson County, Missouri.

The last place I can place his wife; Eliza E. (**McKEAN**) McKee is when she filed for a Civil War Pension Application on 6 January 1890. If these people are of interest in your research, you should order that application.

In pursuit of Eliza's death date, I checked each of her children in the 1900 census to see if she was living with them and could not locate her.

Therefore, it appears she died 1890-1900 in Big River Township, Jefferson County, Missouri, United States.

Don't get over jealous and think the Eliza J. McKeen whom died 9 January 1896 in Saint Louis is our girl, remember Eliza E. (**McKEAN**) McKee died a **McKEE** not a McKeen. Posting unvalidated web information is the kind of tricks that got your tree in such a mess.

Concerning William Michael McKee, he died on 24 January 1894 in Benton Township, Crawford County, Missouri, United States [which is a guess since that was where his wife was living] and is buried in the Lick Creek Cemetery, Cuba, Benton Township, Crawford County, Missouri, United States.

William Michael McKee, his wife and some of their children are buried in the same cemetery.

When I see misinformation being copied from one tree to another, I can understand why so many people who visit ancestry.com get angry and confused. It appears 20 to 30 trees have the wrong information about these people and I consider it my responsibility to help clarify these falsities and at least give help to those who really would like to know the truth.

In fact, the McKee and McKeon families are not even remotely connected to my tree. However, I was researching Martha Elizabeth (**McKEE**) born 15 August 1853 in Hillsboro, Big River Township, Jefferson County, Missouri, United States daughter of William Michael and Catherine (**McKEAN**) McKee when I noticed the confusion on ancestry.com.

Martha is part of my "**Isaac L. Harmon sr. and Descendants Volume 13 of the Pratt Progenitor Papers Series**", which is going to be posted for free at the following location...

A Little Something About Your Author.....

Floyd Thomas Pratt F.H.C., M.A.G.I.

At the age of 19, Mr. Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Floyd started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others. Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors. It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Due to confusion with Pratt ancestors and not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 50,000 individuals in his database and has achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended family reunions and obtained his material from the actual sources when possible.

Being a researcher of the highest degree, in 1991, Mr. Pratt created Pratt Publications.

He began to offer to the public, a series of books titled, Pratt Progenitor Papers. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 11 volumes were sent to the Salt Lake Genealogical Library with 60 volumes scheduled for publication.

In 1996, Mr. Pratt created the Genealogical Institute to further the education of serious researchers.

A Little Something About Your Author.....

The **Genealogical Institute** offers a series of educational materials to teach and instruct the novice as well as advanced researchers, procedures Mr. Pratt has tried and tested to be of great value in family history research. These courses offer “a hands on” curriculum designed to instruct in investigative, deductive reasoning and logical techniques for tracking your family history. Many have found a treasure chest of knowledge when undertaking these courses.

Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, these courses are valuable tools for the family history researcher. Mr. Pratt has been informed by researchers his material found in his publications are recorded as source validation for such organizations as the Sons of the American Revolution (SAR) and the Daughters of the American Revolution (DAR).

Upon completion of the educational courses from the **Genealogical Institute**, the graduate is awarded the *Master Accreditation* of the *Genealogical Institute*. (*M.A.G.I.*) Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Mr. Pratt's ability in family history research has amazed many experienced researchers. When Mr. Pratt is asked for help concerning their “brick wall” in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize, this knowledge has been acquired over 40 years of research.

In June of 2000, Mr. Pratt undertook a new and unprecedeted task. Outside of Washington, Saint John's Township, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery aka; misnamed the McAllister Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750's and arrived in the Missouri Territory shortly after the 1803 Louisiana Purchase.

Mr. Pratt recorded all the information off of the headstones including every person in the cemetery and researched each individual related to Mr. Pratt or not. 1000 man-hours and two years later, he published the book “**JOHNSON-CALDWELL CEMETERY OF FRANKLIN COUNTY, MISSOURI**”©.

Obtaining newspapers, legal documents, talking to ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text.

What makes this book unique is based on several factors. First, it is the only book to report on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children. Second, this book contains a unique index, listing the individual and their father's name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research should be based. No one has ever produced a body of work as unique and professional as this publication.

As the years moved on, Mr. Pratt became concerned about his 40 years of hard research work of various family histories. After a serious heart attack in 2012, Mr. Pratt decided to post his collective bodies of work on a website making them available to all interested researchers without compensation.

 **M.A.G.I. Courses** These courses were developed over the years to assist the novice as well as the professional in all manners pertaining to family history research. Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Pratt Progenitor Papers Series This series is comprised of the famous Pratt Progenitor Papers. Starting with a known ancestor, this collection covers 2 or more generations of descendants. Each volume follows a particular individual and his descendants including children, grandchildren and spouses if known. Each of these volumes include legal and detailed information about a particular ancestor...many contain Cradle to Grave (C2G) Profiles. The order of reporting is as follows: 1st a Descendancy report on the primary, which is usually the husband; 2nd the primary or husband followed by all known wives, then 3rd the second generation comprising of all known children and their spouses, followed by additional subsequent generations of descendants. The PPP are light on speculation and assumptions, heavy on factual documentation offering research insights and suggestions.

ANCESTRAL FAMILY HISTORY OF... This book showcases a selected individual usually a living descendant, detailing their direct line ancestors as far as the research has been completed. This type of format is known as an enhanced pedigree chart. These books contain as many as 10 to 70 generations limited only by the number of ancestors of our primary individual. Whereas, pedigree charts list only the vitals on an individual, these books generate all known notes, articles, legal documents and if applicable, Cradle to Grave (C2G) Profiles on each and every direct line ancestor and their spouses.
